SACHA JAFRI GETS CREATIVE FOR CHARITY

Aclaimed artist Sacha Jafri and Van Cleef and Arpels President Stanislas de Quercize were among the special guests at the START Royal gala dinner held at Jumeirah's stunning Mina A'Salam hotel on the opening night of Art Dubai.

Sacha is heavily involved in the non-profit organisation, established by Art Dubai and the Al Madad Foundation, which aims to educate and boost opportunities for children in the poorest areas of the Middle East.

During the evening, he unveiled his latest collection inspired by his work with the charity. Sacha also transformed an Audi TT Roadster into a piece of art, by painting the exterior. The one-off model will be sold with all proceeds donated to the charity.
